Petition Under 37 CFR 1.84(a)(2)

This is a petition to accept color drawings in a new patent application which are believed to be necessary to indicate sequential progression of a detonation initiation process of this invention, including the reflected shock waves, and intensity thereof.

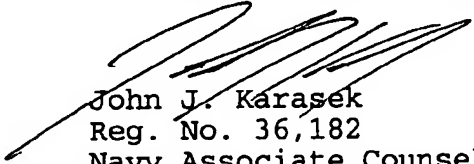

Please charge the fee for this Petition of \$130.00, or whatever is applicable, to our account #50-0281.

Enclosed are three (3) sets of the color drawings.

Enclosed also is a black and white photocopy of the color drawings.

The patent application contains reference to the color drawings, as required by 37 CFR 1.84(a)(2).

Respectfully submitted,

John J. Karasek
